Flood relief in Slovenia

Response from the Federation of Lions Clubs of Slovenia

Message from the Governor of ZLKS D-129

Lions and Leo clubs and many individuals are actively involved in the rescue and relief efforts. We are working in a cohesive manner through the clubs, zone presidents and presidents of both regions in cooperation with the CP of Slovenia. Coordination is led by Governor Breda Pečovnik at the Slovenian and Lions International levels.

Lions and Leo Clubs will be available for local intervention and assistance.

Let's unite, let's stand together, as we have done so many times before, and let's help each other and show who we are through our actions. Nature has shown its strength. And Slovenia has shown its heart and stood together again. The will and strength of people to help their fellow man is admirable. We have so much bravery and sacrifice, compassion, selfless help and courage.

Here is our heart and our home. Everything we have and have created. We also have each other, and we are connected in an unbreakable chain of help. Thank you.

We help. You can help too.
